BIENNIAL REPORT

OF

F. M. GOODYKOONTZ,

AUDITOR OF STATE

OF

COLORADO.

FROM DECEMBER 1, 1892, TO NOVEMBER 30, 1894,
INCLUSIVE.

DENVER, COLORADO:
THE SMITH-BROOKS PRINTING CO., STATE PRINTERS
1894

REPORT.

STATE OF COLORADO,
AUDITOR'S OFFICE,
DENVER, December 1, 1894.

To His Excellency,

DAVIS H. WAITE,

Governor of Colorado.

SIR—In accordance with the statutes of the State of Colorado, I have the honor to submit herewith the Ninth Biennial Report of the Auditor of this State, for the years 1893 and 1894.

RECALCITRANT COUNTIES.

The following counties have refused to levy the tax for interest on the capitol building bonds for the year 1893:

Arapahoe county.
Bent county.
Chaffee county.
Costilla county.
Dolores county.
Eagle county.
Elbert county.
El Paso county.
Fremont county.
Garfield county.
Lake county.
Larimer county.
Montrose county.
Otero county.
Park county.

Pueblo county.

Rio Grande county.

Weld county.

I would recommend that the Tenth General Assembly take action regarding the refusal of the counties mentioned by my predecessor in his biennial report, who refuse to levy a tax for the Ute war, which tax is still unpaid.

STOCK INDEMNITIES.

The certificates of indemnity issued by the present State veterinary surgeon and his predecessor for stock condemned and killed amount, at the present time, to $2,700 00. I would recommend that appropriations be made to pay these certificates out of the stock inspection fund.

SCALP BOUNTIES.

The last general assembly made an appropriation of $10,000 for paying the scalp bounty certificates. This appropriation I cut off in November, 1893, because of the deficiency in revenue.

There are outstanding at present about $5,500 of these scalp bounty certificates.

I would recommend that the Tenth General Assembly make some provision for taking up these certificates.

SALARIES.

No State official is burdened with more real responsibility, nor obliged to bear more unmerited abuse and blame, nor driven with more onerous and exacting duties, nor forced to keep a closer or severer guard over delicate and conflicting interests, than the Auditor of State. None of the elective officers of the State are so poorly remunerated. In importance, responsibility and official demands, no State office ranks higher. The present salary of the Auditor is $2,500. It should be raised to at least $4,000, and I would so recommend to the next general assembly. I can see no reason for recommending a similar course with regard to the other elective State officers.

THE INSURANCE DEPARTMENT.

I am pleased to report that this department has lost none of its old-time reputation for dignity, conservatism and thoroughness in handling the many, varied and important interests

which naturally pertain to it. A line of policy was mapped out by myself and my deputy superintendent, Mr. McConaughy, at the beginning of my term, for the guidance of this department and the same has been followed without deviation. It has been our endeavor, from the first, to save the people of this State money, to protect law-observing companies, to run out wild cat concerns, to prosecnte offenders against the insurance laws.

I think I can say without any self-glorification, this policy has been successfully carried out. During my term this department has paid into the general fund of the State, $65,994.69, and since its creation, $232,042.18. A statement of the amount paid in by preceding superintendents of insurance, by years, might prove interesting. These read as follows:

1883 and 1884	$13,025 55
1885 and 1886	17,821 51
1887 and 1888	25,811 04
1889 and 1890	48,120 36
1891 and 1892	61,269 03
1893 and 1894	65,994 99

It is thus seen that during the years of the panic, more money was paid into the general fund than by any preceding superintendent. This abundant success during my term, has been mostly if not entirely due to the efficient and untiring service of my deputy superintendent, Mr. McConaughy and my chief clerk, Mr. Monell. I criticised at some length, in the regular insurance report of this year, the weakness and inefficiency of the insurance laws of this state, and recommended therein a certain line of action with regard to the insurance system of the next general assembly. I can only take time here to emphasize and repeat my recommendations therein stated in this peculiar respect.

APPROPRIATIONS.

I will simply take time to say that under no preceding administration has the auditor ever been subjected to so much embarrassment as I have. The valuation in the taxable property of the state has decreased $55,000,000.00, from estimate made by late Auditor Henderson and on which the Ninth General Assembly made appropriations. By reason of the tremendous shrinkage in the valuation and a corresponding shr nkage in tax revenue, as well as the fact that the revenues from nearly all sources fell off very largely, consequently the appropriations which were based upon the original estimate

could not be paid. Hence the embarrassment and burden of responsibility which closed up around the auditor. Unjust and malicious abuse were poured out upon the auditor and suit after suit followed to compel him to acts which his oath of office and his duty to the people of this state forbade him performing. Nor in this conscientious and single minded effort to prevent the issue of excess warrants did the auditor receive the support from the other state officials he might naturally have expected. The attention of the Tenth General Assembly is called to the late decision of the Supreme Court, which intimates in very broad terms that the Legislature in framing and enacting appropriation bills should specify definitely from what year's revenue the appropriations should be paid.

Among the appropriations which have not been paid, are those for the Benedictine Sisters at Canon City, the State Board of Health, and the payment of the outstanding loco weed certificates. These were the last bills passed and had no emergency clause attached. The case of the Benedictine Sisters is one deserving of special sympathy. Their building has been torn down by the State. I should urgently recommend that the incoming assembly should, among its first acts, enact a bill, with an emergency clause, appropriating ample funds to recoup these noble women.

STATE BOARD OF MEDICAL EXAMINERS.

The State Board of Medical Examiners should have an appropriation bill passed by the Tenth General Assembly specifying an amount in remuneration of their services, equal to the sum they collect in fees. The present Board of Medical Examiners have not as yet been paid for their expenses for the years 1893–1894, and the Legislature should see justice is done in this special case.

STATE DEBT.

In computing the amount of the State debt, I have included interest up to date on all outstanding State warrants, which interest therefore amounts to $165,000.00 more than that shown in the last auditor's report.

The State debt has also been increased $125,000.00 by my drawing capitol building warrants on the anticipated fund of the years 1895 and 1896, against the capitol building levy, in accordance with chapter 38, Session Laws 1893. A further increase of the State debt to the amount of $115,000.00 has been

brought about by the cost of the Cripple Creek riots and the cost of the extra session of the Legislature in 1894.

I respectfully draw the attention of the Tenth General Assembly to the estimated expenditure for the two years following, viz., 1895 and 1896.

I did not deem it advisable to make any recommendations as to the scaling down of the appropriations for the several departments, but the fact is, the estimate shows an outlay greater than anticipated revenue, and the adjustment I leave to the members of the Assembly.

In conclusion, I will say that the office work in my department during my term has been largely increased by a number of causes which I will not stop to enumerate. Suffice it to say, however, that this extra work has been disposed of readily and without confusion by the highly disciplined and splendid systematic methods of work rendered by my deputy, Mr. Powers, the chief clerk, Mr. McKee, and Miss Lou Bergh. Abler assistants an auditor could not possess.

F. M. GOODYKOONTZ,
Auditor State of Colorado.
